NAME: Workshop 5, Week 10

## Why What You Believe Matters

Bishop Robert Barron

1.88% of Catholics surveyed, said what really matters is what you do, not what you believe. Is this true? Explain your answer.

3. Does the idea of human dignity come from ethics or religion? Explain.

4. As seen with Don Bosco's boys, a strong belief in God helps children behave well. In what new way can we demonstrate to our students that religion is more than a certain ethical standard, but rather is where all ethics originate and is the duty we owe to our God?
