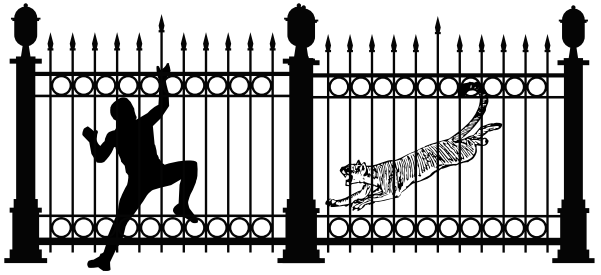
NAME:

Workshop 6, Week 13

Freedom to Live in Truth



The Catechetical Institute

1. What are the two properties of the rational soul?

2. "Because we are free, we are called to obedience." Explain this statement.

3. What is a 'fence climber" an example of?

4. Have you ever had an experience where you thought by a certain choice you would be more free, but instead it limited your freedom? Like someone who takes drugs to prove their freedom, and ends by being dependent on everyone around for their most basic needs. Try to think of a way that your school can help student's understand that they are called to obedience to God, not to limit their freedom, but so that they can be fully open to the love of God and others through a virtuous life aligned with the natural law.
