NAME:

Workshop 6, Week 15

The Virtues

The Catechetical Institute

1. What is a virtue?

2. List the four cardinal virtues and explain what they are.

3. What are the three theological virtues?

4. Tiktok is convincing our students that only if they live opposed to the cardinal virtues will they be happy – they should live intemperately, give into their own weaknesses and laziness, and to live for themselves. How can your school help your students see this sort of living will not only not get them to heaven, but will make them very miserable in their earthly lives? What can your school do to encourage the cardinal virtues as a way of life that actually does bring happiness? Can you bring in a guest speaker or as a teacher give a personal witness comparing a self-absorbed life versus a self-giving life?
