## NAME: Workshop 12, Week 28 Serving Life: The Education of Children

The Catechetical Institute

1. Why is education the parent's duty and not the community's duty?

2. What is the ultimate purpose of educating children?

3. What are the three types of education John Paul II focuses on in Familiaris Consortio? Why is freedom included?

4. Think of some ways you can have more one-on-one conversations with your students and family members about faith and chastity. What prevents you from starting those conversations? Are there fears that first need to be addressed in your own life? Write down some of your thoughts on how to better engage the young people in your sphere on faith and chastity.
