God Created Marriage in the Beginning

The Catechetical Institute

1. What is the primary purpose of marriage? And the secondary?

2. What is the difference between a natural and a supernatural marriage?

3. What are the two living as one in unconditional love supposed to be a symbol of?

4. Think of one practical way we can help hurting students see beyond their own broken families to the truly unconditional love of God that was never represented by a "unity of two" in their earthly parents.
